6.30pm—event commences
7pm—Hugh Bradshaw presents
7.45pm—Q&A
8pm—Josh Adams presents
8.45pm Q&A
9pm—finish

SPEAKERS:

Josh Adams

Josh Adams is Vice President of Valley Contax, a custom contact lens manufacturer in Springfield, Oregon USA. Josh is an industry expert and highly sought-after speaker, often presenting to various trade organizations and colleges of optometry. He is the lead designer of the Custom Stable scleral lens, has over two decades of experience manufacturing custom lenses and is on the executive board of the Contact Lens Manufacturer's Association, serving as the Secretary Treasurer.

Dr Hugh Bradshaw

Hugh graduated from Queensland University of Technology's optometry school in 2004 and is therapeutically qualified. After working in Brisbane, Emerald and across southern England he returned to his home town of Toowoomba in 2009 where he joined Henry and Miriam Heron at Heron Eyecare. Hugh's special interests include orthokeratology, corneal and scleral lenses for keratoconus, post-graft, severe dry eye and corneal disease. He is an active member of Cornea and Contact Lens Society of Australia and Orthokeratology Society of Oceania and is a member of the Myanmar Eye Care Project.

Hugh's journey with scleral contact lenses began in 2009 and has fitted over 100 scleral lens patients. He began fitting Valley Contax's Custom Stable lenses in 2014 but has no commercial interests with Valley Contax or any other contact lens company.
